METHODOLOGY

Between April and August 2021, Coalition Greenwich conducted 600 interviews with fixed-income investment professionals at domestic and foreign banks, private banks, investment managers, insurance companies, hedge funds, corporations, central banks, and other institutions throughout Asia. Countries and regions where interviews were conducted include Australia/New Zealand, China, Hong Kong/Macau, India, Indonesia, Malaysia, the Philippines, Singapore, South Korea, Sri Lanka, Taiwan, and Thailand.

Interview topics included service provider assessments, trading practices, market trend analysis, and investor compensation.

Interviewees may be asked about their use of and demand for financial products and services and about investment practices in relevant financial markets. Coalition Greenwich compiles the data received, conducts statistical analysis and reviews for presentation purposes in order to produce the final results.

Coalition Greenwich, a division of CRISIL, an S&P Global Company, is a leading global provider of strategic benchmarking, analytics and insights to the financial services industry.

We specialize in providing unique, high-value and actionable information to help our clients improve their business performance.

Our suite of analytics and insights encompass all key performance metrics and drivers: market share, revenue performance, client relationship share and quality, operational excellence, return on equity, behavioral drivers, and industry evolution.
